License File No. BL-20061012ACY

Dear Licensee:

It was recently brought to the attention of the staff that a discrepancy exists in the distances to the monitor points specified in the above-captioned license for Station KHNC. Upon review of the application for license, we are unable to resolve the discrepancy based on the information provided in the application. Consequently, this letter requests the submission of additional information in support of the license application, pursuant to 47 C.F.R. Section 73.186(c). In particular, the following information is requested:

- 1) The original maps employed for the directional antenna proof of performance, showing each measurement point numbered to agree with the tabulated data submitted with the application.
- 2) The original worksheets on which the field strength measurement data for the directional antenna proof of performance were recorded.

The requested information must be submitted to the Commission within 30 days from the date of this letter, and shall be sent to the attention of the undersigned, as follows:

Federal Communications Commission
ATTN: Charles N. Miller, Engineer
Audio Division, Media Bureau
445 12th Street, SW, Room 2-B554
Washington, DC 20554

Failure to provide the requested information within the 30 day period will result in referral of this matter to the Enforcement Bureau for appropriate action.

Sincerely,

Charles N. Miller, Engineer
